MASSACRE IN ASSAM.

Nearly Five Hundred People Killed.

FIERCE FIGHTING FOR TWO DAYS

A Force of Native Troops Attacked by Hostile Tribes and Four Hundred and Seventy of Them, Including Seven British Officers and Chief Commissioner J. W. Quinton, are Killed. Three Hundred People Massacred on the Comoro Islands—Other Foreign Dispatches.

LONDON, March 31.—A dispatch received from Manchur, province of Assam, tells of the disastrous defeat of a force of native troops garrisoned at that place. It appears that the chief commissioner of Assam, Mr. James W. Quinton, has been investigating recent serious troubles among the native chiefs in that country. Having in contemplation the arrest of a prominent chief who had been active in effecting the deposition of reigning rajah. Mr. Quinton established a strong camp which he manned with Ghorikas, native light infantry in the British East Indian service.

This action was promptly accepted as a challenge by the hostile tribes and the camp was speedily and savagely attacked. Two days of fierce fighting followed. The Ghorikas fought with valor and determination which has always characterized them since they were incorporated into the British East Indian army, but the odds against them were very heavy. They are reported to have left 470 of their number dead on the field. The chief commissioner and seven British officers who accompanied him to Manipur are also reported to be missing.

Revolution in the Comoro Islands. LONDON, March 31.—News has come to this city from Zanzibar of the outbreak of a revolution in the Comoro islands, in the Mozambique channel, about 350 miles northwest of the Madagascar coast. On the island of Anjouan the natives, after the death of Sultan Abdullah, supplied themselves with arms and spread over the country, massacring 300 people and carrying desolation far and wide. The war vessels of the French squadron now in the waters of the Indian ocean have been directed to proceed to the islands and put down the insurrection. The Comoro islands are under French protection, but are nominally ruled by Arab princes.

Helping the Workmen. LONDON, March 31.—A Berlin dispatch says that the Duke of Ratibor, president of the Prussian upper house, has ordered hereafter that all the workmen employed on his estates shall have three days additional holiday in the year, and shall receive pay for all holidays. The duke is effecting other changes beneficial to his working people, and the latter are preparing to celebrate his 72d birthday to-morrow with an unusual amount of sincere enthusiasm. The prince, it is said, has declared himself in favor of the kaiser's program of labor reform, to which the majority of the high nobility are more or less openly opposed.

Russia Will Interfere. SOFIA, March 31.—Prince Ferdinand's legal commission from the porte as governor of Roumania will expire on April 5. Turkey can then decline to renominate him for the office, but there is no likelihood that the porte will interfere with Prince Ferdinand so long as Stambouloff is premier. In this connection, it is conjectured that the recent attempt on the premier was made with a view to placing Ferdinand in an embarrassing position and enabling Russia to interfere.

Great War Preparations. LONDON, March 31.—Berlin advices state that the murder of the Bulgarian minister of finance is one of the chief causes of the sudden flurry among the officials of the war office, and that it is looked upon as a serious indication of the gravest designs on the part of Russia. Despatches have been busily passing between the foreign offices of Berlin and Vienna, and also Bucharest.

The Assassins Not Yet Arrested. SOFIA, March 31.—The Greek arrested on suspicion of being the murderer of Leitchiff has been liberated, but many other arrests have been made, although no one has as yet been identified as the murderer. It is reported that a wounded man has been arrested on the Serbian frontier.

Troops on the March. CALCUTTA, March 31.—Alarming advices have been received from Simla a well-known sanitarium of British India and the viceroy abandoning his projected tour, has started for the place with five regiments. A mountain battery has been ordered to Manipul.

Key to March on Sofia. LONDON, March 31.—A dispatch from Vienna says that 350 Bulgarian refugees, armed with Russian Mauser rifles, were waiting in towns on the Serbian frontier to march on Sofia in the event of the success of the Bendereff plot to murder Stambouloff.

Over 130 Deaths from the Grippe. NEW YORK, NEW 31.—Dr. Nagle, of the board of health, reported six deaths Monday and eighteen Sunday from the grippe. This makes over 130 in all since the scourge made its last appearance.

DRIVEN OUT OF TOWN.

Illinois Women Make It Unpleasant for a Man Masquerading as a Physician.

FREEDOM, Ill., March 31.—Dr. F. H. Moleskey, who has been masquerading here as a physician for over a year, was Sunday driven from town in a sensational manner. He enjoyed a fair practice until a few months ago, when it was whispered that he was not a doctor at all, but a rank impostor. His practice fell off, and it is said he resorted to shady methods to secure money. A citizens' committee waited on him and ordered him to leave town, but he refused. The women whom he treated then formed them selves into a committee and ordered him to leave the city, but he again declined.

Sunday fully forty women, married and single, young and old, on whom the alleged physician had tried his art, assembled at rendezvous, armed with a large quantity of rotten eggs. These were divided among the attacking party, and they marched to the doctor's house. A young and pretty decoy was sent up to the door to bring the doctor within range, and the victim was steered out into the street, where he was bombarded by forty rotten eggs.

Dr. Moleskey was surprised at first, and when the Easter offerings poured in on him a fusillade, he turned and ran but was pelted with bad eggs until he found refuge in his house. Then the house was bombarded until the atmosphere in that end of town was something terrible. In the middle of the night the doctor left town a sadder and wiser and a more fragrant man.

ANOTHER INDIAN OUTBREAK.

Politicians Liable to Cause Further Trouble at Pine Ridge Agency.

PROVIDENCE, R. I., March 31.—Some time before the outbreak at Pine Ridge Agency a letter was received here from the Rev. Father Francis M. J. Craft, the Indian missionary, predicting the disturbance. Yesterday a letter was received in this city by Mr. Eugene F. McAuliffe, from Father Craft, who is his personal friend, predicting another disastrous outbreak among the Indians at the agency unless the management of the Indian troubles is at once transferred to the war department.

He says the causes of trouble still exist and whites are at the mercy of any rasal who finds it to his interest to annoy them. The only thing that hinders a speedy and permanent settlement of all difficulties by an immediate transfer of the Indians to the war department, is the desire of politicians to retain plunder. The American people should turn these politicians out of the offices they have abused to our loss and disgrace.

Passenger Trains Wrecked.

SHAMOKIN, Pa., March 31.—Passenger train No. 6, on the Philadelphia and Reading road, was wrecked at Vastines yesterday afternoon and Flagman J. F. Martz, of Williamsport, had his ribs broken and was otherwise badly hurt. Constable Hoover, of Sunbury, received several deep gashes in the head and had his shoulder blade broken. Mrs. Tresper, of Lewisburg, cut and bruised about the head and body; Contractor Wetzel, of Danville, severely injured. The other passengers were badly shaken up. The rails spread and the parlor car left the track and landed on its side some yards distant. It was a miraculous escape from death for fifteen passengers in the coach.

Dastardly Deed With Dynamite. STAMFORD, O., March 31.—Yesterday morning at 1 o'clock the people of this vicinity were awakened from their slumbers by a terrific explosion. It was discovered that the residence of John Ankney was almost completely destroyed by an attempt to blow it up with dynamite. The dwelling was occupied by Mr. Ankney, his wife and child, who were violently thrown from their beds. Mr. Ankney being found in an unconscious condition. There is not the slightest suspicion as to who was the instigator of the attempt.

Identity of a Dead Man. ST. LOUIS, March 31.—The remains of Emory Livermore, who died at Carthage, Mo., March 27, without medical attendance, and which were brought here for interment, arrived Monday. An inquest developed the fact that Mr. Livermore was a first cousin of Hannibal Hamlin. He was born in Maine eighty-one years ago, and during his life was at various times engaged as an editor and bookkeeper. Death was due to senile debility.

Dr. Crosby's Funeral. NEW YORK, March 31.—Dr. Crosby's funeral will take place on Wednesday. The private services at the house will be held at 2 o'clock. The Rev. Drs. John Hall, of the Fifth Avenue Presbyterian church, and William M. Taylor, of the Broadway Tabernacle, will officiate. Immediately afterward public service will be held in the church of which Dr. Crosby was the late pastor. The burial will be at Woodlawn.

A Youth Robbed and Drowned. MARION, Ind., March 31.—Saturday evening, while a lad, aged 9, son of Mrs. Coots, widow, was returning home from work, he was assaulted on the bridge by two colored boys, who robbed him of his week's wages, \$4.00, and then threw him into the river, where he was drowned. His body was recovered yesterday. His murderers have not been arrested. Young Coots was employed in the bottle factory.

Deed of a Desperado. PRESTONVILLE, Ky., March 31.—Robert Bartlett, town marshal of this place, arranged to elope with the wife of Dr. Contr last night, but at the last moment Mrs. Contr refused to accompany him. Thereupon Bartlett shot and fatally wounded her, and he also shot and slightly wounded Mrs. Hale, with whom Contr and wife boarded. Bartlett escaped arrest.

RACINE, Wis., March 31.—Henry Helling, aged 21, shot and killed himself under the window of Miss Nettie Zehal, who had repeatedly refused to marry him.

WASHINGTON NEWS.

Difficulties Met in the Payment of the Direct Tax.

CONFERENCE ON THE SUBJECT.

Several States Indebted to the Government—A Plan Arranged for the Payment of the Tax to the Southern States. Individual Claims to Be Made to the Governors—An Important Supreme Court Decision—Important Vacancy in the Postoffice Department—Other Dispatches from the National Capital.

WASHINGTON, March 31.—It is one thing to have congress appropriate money and another thing to get it out of the treasury. Indiana is having an illustration of this and Maryland will also receive a set-back when her application for her share of the direct tax is taken up for payment. Secretary Foster yesterday directed the assistant treasurer at Chicago to pay the state of Indiana \$709,141, less \$50,000, which latter amount the books of the treasury department show that Indiana is indebted to the government as an excess of payment on war claims. In the case of Maryland it is found that she owes the government \$1,151 on account of the Indian trust fund. The records of the department are being hunted up and it may be found that other states are also indebted to the government.

A conference was held in the afternoon by the accounting officers of the treasury to determine upon some plan for the payment of the direct tax to the southern states. In these states the tax was collected from individuals. It was decided to pay the tax direct to the governors of the southern states, in trust for the people who are entitled to it. The question of allowing the governors access to the treasury books to guide them in making payments to those who paid the direct tax was held up for further discussion, several plans being suggested. The only applications from southern states yet received are from Delaware, West Virginia and North Carolina.

An Important Decision. WASHINGTON, March 31.—In the decision of the United States supreme court rendered yesterday by Justice Harlan, affirming the decision of the United States district court for New Jersey granting damages to C. B. Converse for injuries received by a Delaware, Lackawanna and Western railroad train while crossing a track near Jersey City, the court says: "that while those using the public highway are under a duty to keep out of the way of railroad cars crossing it, and exercise to that end such care as the circumstances make necessary, the railroad company, in moving cars upon its road is bound to exercise like care towards those who, while traveling upon such highways, whether on foot or in vehicles, are obliged to pass over its tracks. The right of the railroad company to its tracks, for the movement of engines and cars is no greater, says the court, in the eye of the law, than the right of an individual to travel over a highway extending across such tracks."

Vacancy in the Postoffice Department. WASHINGTON, March 31.—The promotion of Chief Postoffice Inspector Rathbone, to be fourth assistant postmaster general having been decided upon to take effect July 1, Postmaster General Wanamaker will soon consider the applications of the several candidates now on file for the chief postoffice inspectorship. The appointee will probably be one of the division superintendents among whom three inspectors, Stewart of Chicago, Shars of Chattanooga, (formerly chief inspector) and King of Washington are the most prominent. It is probable that the new chief inspector will assume the duties about June 1, at which time Maj. Rathbone will tender his resignation and be granted thirty days leave of absence. Mr. Rathbone has received numerous telegrams congratulating him upon his success.

Huston May Serve Out His Time. WASHINGTON, March 31.—Mr. Julius A. Lemcke, of Indiana, whose name has been under consideration by the president for the position of United States treasurer, in case the resignation of Treasurer Huston was accepted, has informed the president through a friend that he does not desire to have his name considered in connection with the place as his health is such that he cannot possibly accept if it were tendered to him. Mr. Lemcke will sail for Europe in a few days. This leaves the question of the treasurership in the same position it has been for some time. The impression prevails that efforts are being made to adjust the differences between the president and Mr. Huston, and that they are likely to be successful and that he will serve out his term of four years.

Land Commissioner Carter. WASHINGTON, March 31.—Ex-Representative Carter, of Montana, the newly appointed commissioner of the general land office, had an extended interview with Secretary Noble yesterday, the result of which is that he will accept the position and immediately qualify and enter upon the duties of the office. He has not yet, however, received his commission, but it will be made out to-day.

Pontoon Bridge Destroyed. ST. CHARLES, Mo., March 31.—The largest pontoon bridge in the world, located at St. Charles, across the Mississippi river, was broken from its moorings Sunday morning at 5 o'clock and started down the river. This is the third wreck the bridge has experienced within the past few weeks. The wreck was caused by an immense amount of driftwood being lodged against the bridge.

YOUTHFUL BURGLARS.

Children of Well Known Parents Arrested for Stealing.

LOGANSPORT, Ind., March 31.—During the past six months numerous burglaries have been committed in this city, but the police could get no trace of the thieves. Last Saturday the Terre Haute police arrested four boys charged with vagrancy, and in their possession were found letters and articles of value indicating that their home was in this city.

Yesterday they were brought here, and it developed during the preliminary examination that these boys had done much of the crooked business here for the last year, taking their plunder to Terre Haute to sell. It is estimated that over \$1,000 in goods was stolen. The strangest part of the story is that the boys are sons of well known citizens. One of them is Edward Overholser, son of Dr. D. L. Overholser, who two years ago ran for congress in this district on the Prohibition ticket. The others are George Hall, John Roof and Frank Welch. They were bound over to await the action of the grand jury.

LOST IN A SNOW STORM.

Terrible Fate of a Father and Son in Colorado.

DENVER, March 31.—Thomas Clark, a boy 16 years old, who carries the mail from Oil City to Rongy, Wyo., is reported to have lost his way and has not been heard from since last Sunday. The route is over a terrible road. The snow in that section is five feet on the level and the boy is supposed to have lost his way.

His father, W. A. Clark, started to hunt for him Friday in the midst of a driving snow storm, and has not been heard from. Search parties are looking for them both. Yesterday a horse driven by the father was found dead between Fray and Oil City. Serious apprehensions are had for both. The storm is raging in that vicinity, and it is the worst in the history of the country.

ACCIDENT AT A BLAST FURNACE.

Two Men Covered With Molten Iron and Instantly Killed.

TERRE HAUTE, March 31.—The cupola in the blast furnace, located in the extreme southeastern quarter of the city, parted at 1:45 yesterday afternoon, while workmen were preparing for the usual casting. Two men were covered with molten iron and were instantly killed. Much damage was done to the furnace.

Michael Garvey and Patrick Hurley, two employees, who were standing near the furnace when the accident occurred, were fatally burned, and their agonizing cries aroused the entire neighborhood. It is supposed now that two more men, names unknown, are under the debris and hot cinders. There is tremendous excitement. The damage will be very heavy.

Mrs. Gougar Was Not Interviewed.

LAFAYETTE, Ind., March 31.—Mrs. Helen M. Gougar, whose alleged interview on the Hearst funeral party has been widely published, reached here on Saturday and denies that she made the statements attributed to her in the dispatches from St. Louis. "I did not talk to any reporter about the affair," she said, "nor did I submit to any interview on that question with anyone. The information was given by some member of our party, and as I have been prominent in the temperance work it was laid on my shoulders. I will say, however, that with the exception of some exaggerations, the published account of the disgraceful affair is true."

Good Work of a Colored Evangelist.

WESTERFIELD, O., March 31.—A month ago, Rev. Mr. Newsom, a young colored minister, began protracted meetings in the little colored church here. So extraordinary was his eloquence and the effects on the congregation that while visitors began to crowd the little church and many of both races have since professed conversion. Soon the church would not hold the people, and the eloquent colored man was invited to the Evangelical, the largest in the city. This has been crowded nightly for a month.

Whipped by White Caps.

SHELBYVILLE, Ind., March 31.—White Caps assaulted a man named Baker at Fairland last night, whipping him unmercifully. He had just returned from serving a two years' term in the penitentiary, and was following certain business men and seeking to do them bodily harm for the part they took in the case when he was tried for murder. After the whipping he was released on condition that he leave the county and never return.

Annual Mormon Conference.

CLEVELAND, March 31.—On April 6 the annual conference of the Latter Day Saints will be held at Kirtland, in Lake county. Kirtland was the first home of the Mormon church. One of the interesting items of business to be disposed of will be an offer of \$100,000 for the temple by parties who desire to remove it to Chicago for exhibition at the fair. This proposition will be rejected.

Died of an Old Wound.

COLUMBUS, O., March 31.—Capt. W. B. Hayes, formerly of Harrison, O., died here yesterday of pneumonia, which was aggravated by a wound received some years ago while, as marshal of Franklin, he was attempting to arrest a desperado. He was a brother-in-law of ex-Representative Hartpence. The funeral will take place at Harrison Wednesday.

Retired Army Officer Suicides.

NEW HAVEN, Conn., March 31.—Gen. Charles A. Johnson, a retired army officer who served in the Mexican and civil wars, committed suicide early yesterday morning by shooting. Gen. Johnson came to this city from Utica, N. Y., about five years ago. He was 65 years old.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

TUESDAY, MARCH 31, 1891.

THE Portsmouth Press, a Republican journal, says McKinley will be beaten 15,000 if he is nominated for Governor of Ohio. That's about the size of the majority the Buckeye Democrats will win next fall if they put up a good ticket.

JUDGING from the way the papers talk, Colonel John O. Hodges, of Lexington, has a "cinch" on the Democratic nomination for State Superintendent of Public Instruction. The party will not make a mistake if it selects him for this office.

THE Republican members of the Maine Legislature a few weeks ago defeated a bill to give that State a secret and pure ballot, but their action stirred up the honest voters, and in response to petitions signed by nearly 100,000 people the law was passed. Sixty members, however, voted against it. You can put Maine down in the doubtful column hereafter.

THE Cincinnati Commercial-Gazette, in a recent editorial, refers to the fact that a large number of manufacturers in that city are restive under heavy taxes and contemplate a change of location. When they move let them come to Maysville. They can't find another city in the land possessing the advantages of Maysville where the rate of taxation is as low as it is here.

COLONEL R. C. WARREN, Democratic candidate for State Auditor, spoke at Carlisle Saturday afternoon. Those who heard him say he pitched into Major Norman without gloves, and made a red-hot speech against his opponent. There was a joint discussion between these two candidates at Bowling Green a few days ago, and the fight has been a lively one ever since.

A DISGRACEFUL state of affairs has been brought to light in Pennsylvania either by the Democrats, or by some honest Republicans. To date that State has paid out about \$10,000,000 for the care of soldiers' orphans. There are ten alleged schools, run by private individuals, in which the orphans are supposed to be cared for, and all of these individuals are either Republican politicians or have their "pull" with the party machine. The fact is now disclosed that these schools have been run for revenue only by their managers; that the State and the orphans have been plundered, and that a total profit of not less than one million dollars has been pocketed by the managers. The stockholders of one school declared dividends of 50 per cent per annum, and the profits of another amounted to \$270,000, all of which was appropriated by George W. Wright, an ex-Republican State Senator. Among the managers is one, Rev. A. F. Waters, whose share of plunder is put down at \$80,000.

What better could be expected from a State run by Quay and his followers? It was a good day's work the people of the Keystone State did when they elected Pattison Governor.

Republican Extravagance.

The late Republican Congress will likely go down to history as the most recklessly extravagant that ever sat at Washington City. It will be known as the "Billion-Dollar Congress," because the appropriations made by it amount to over \$1,000,000,000. To pay these appropriations, the New York World figures that it will take all the gold and silver produced in the world in four years.

All the wages of all the workers in every protected American industry for three years.

All the wages of all the workers in 1,005 cotton mills for twenty years.

All the wages paid in 1,900 woolen mills for forty years.

All the wages paid in all the glass industries for 110 years.

Our total wheat crop for 1890 will only pay one-third of it.

Our total corn crop for 1890 will only pay two-thirds of it.

"God help the surplus?" It is God help the workingman, concludes the World.

And yet, leading Republican journals are exulting over these enormous appropriations. They think the next Democratic House will have to increase the burdens of taxation in order to meet the extraordinary demands upon the treasury and then the Democrats will be held responsible for raising the taxes. The people will know where to place the responsibility.

How is This for "Emptiness?"

Within all was emptiness save for two trunks, the sewing machine improvised as told in her letter for the uses of a safe, a small gasoline stove in which the blue flame flickered low, and a cot in the corner.—Cincinnati Post.

A Beautiful Tribute.

During Col. Bob Ingersoll's lecture on Shakespeare at the Grand Opera House in New York, he paid Lawrence Barrett the following beautiful tribute:

"It will be appropriate for me to say a few words about the great actor who has just fallen into that sleep we call death. Lawrence Barrett was my friend and I was his. He was an interpreter of Shakespeare, to whose creations he gave flesh and blood. His life was a success, because he honored himself and added glory to the stage. He did not seek for gain by pandering to the thoughtless, ignorant or base. He gave the drama in its highest and most serious form. He was a graceful and striking Basso, a thoughtful Hamlet, an intense Othello, a marvelous Harebell, and the best Cassius of his century."

"In the drama of our human life are actors, and no one knows his part. In this great play the scenes are shifted by unknown forces, and the comment, plot and end are still unknown—are still unguessed. One by one the players leave the stage and others take their places. There is no pause—the play goes on. No prompter's voice is heard and no one has the slightest clue to what the next scene is to be."

"Will this great drama have an end? Will the curtain fall at last? Will it rise upon some other stage? Reason says perhaps, and hope still whispers yes."

"Sadly I bid my friend farewell. I admired the actor and loved the man."

During the recent meeting at the Christian Church, Rev. C. S. Lucas, in one of his sermons, predicted that Ingersoll will die a Christian, and the closing sentences above would indicate that the light is breaking in on the noted infidel.

Democratic State Central Committee's Recommendation.

At the meeting of the Democratic State Central Committee in Louisville yesterday, Chairman Castleman was instructed to send out an address to the Chairman of every Senatorial and Legislative district in the State, and call their attention to the fact that the party requires nominations to be made for all offices within the gift of the State. The committees are informed that where such nominations have not already been made they will take such action as they think best to insure the nominations, which must be made not later than June 20.

The Chairman was further instructed to call attention to the fact that the death of Hon. Woodford W. Longmoores makes it incumbent upon the Democratic party to nominate a candidate for the office thereby left vacant. This nomination will be made at the May convention, with the regular nomination of State officers.

OUR NEIGHBORS.

SARDIS.
Prof. Will Chandler was here last week. He is located at Brooksville, but Sardis still "brings the light of other days around him."

La grippe is an expert wrestler and many have had to bend the knee before his skillful skirmishing. While you can get one shoulder of the arch enemy on the carpet, he generally rallies before you can get the other.

Miss Mary Leachman and Miss Carrie B. Dye, their many friends will be glad to learn, are reported on the list of convalescents. The village of Sardis would be a weary waste without Miss Leachman's flowers and Miss Dye's music, to say nothing of their personal graces.

ABERDEEN.

Our town is beginning to be on the war path. Election is drawing near and don't you forget it.

"Squire Beasley is on the invalid list, we are sorry to announce. No one could ever take 'Squire Beasley's place in popularity."

We announce with pleasure that Mr. Poor will run for Marshal. We know of no one who could fill the responsible position better than Poor. He is an honest, upright, industrious, sober man.

IN MEMORIAM.

Sacred to the memory of our dear father, Geo. W. Orr; died March 31, 1890.
How sadly we grieve for the loss of our father, and many are the tears we have shed.
Our home is so gloomy, which was once so bright, since our dear father is dead.
FROM MOTHER AND CHILDREN.

QUEER world! Queer people! Here are men and women by thousands suffering from all sorts of diseases, bearing all manner of pain, spending their all on physicians and "getting no better, but rather worse," when right at hand there is a remedy which says it can help them because it's helped thousands like them. "Another patent-medicine advertisement," you say. Yes, but not of the ordinary sort. The medicine is Dr. Pierce's Golden Medical Discovery, and it's different from the ordinary nostrums in this: It does what it claims to do, or it costs you nothing!

The way is this: You pay your druggist \$1 for a bottle. You read the directions, and you follow them. You get better, or you don't. If you do, you buy another bottle, and perhaps another. If you don't get better, you get your money back. And the queer thing is that so many people are willing to be sick when the remedy's so near at hand.

A SPECIAL from Vanceburg to the Cin-

daughter of Nicholas Davis, of Lewis
County, murdered her illegitimate child
Sunday morning. Evidence shows that
her betrayer, a prominent young man of
the neighborhood, had a hand in the
crime."

REV. DR. ROBINSON, a Methodist minis-
ter of Covington, preached a strong ser-
mon Sunday against the pool rooms of
that city. Yesterday's issue of the Ken-
tucky Post of that city contains a synopsis
of the discourse and in connection there-
with gives a sketch and cut of the re-

tures the doctor in such a manner that it
would be difficult to distinguish him from
the toughest bum who frequents the pool
rooms.

time ago. He was finely bred, of Arabian
stock, and was twenty-two years old. A
black horse bought at the same time was
afterwards sold by Mr. Daulton to a
Spaniard named Don Pedro, who took
him to Brazil.

The Schubert Quartette.

The last of the series of entertain-
ments of our Lyceum Bureau will be
given Thursday evening, April 2, by the
celebrated Schubert Male Quartette of
Chicago, assisted by Miss Genie M. Bald-
win, soprano, and Miss Georgiella Lay,
pianist. To give everybody an opportu-
nity to hear this grand concert the Bureau
has decided to place the price of tickets
at the low figure of 50 cents for general
admission, and 35 cents for the balcony.
The price of reserved seats will remain
the same as heretofore (75 cents), and
can only be secured at Nelson's, where
the box sheet is now open. We trust the
low price given will pack the opera house.

Thomas-Niland Nuptials.

Mr. Will C. Thomas and Miss Maggie
Niland were quietly married at 9 o'clock
this morning by Rev. Father Glorieux at
his parlors on Limestone street. The
bride was attired in an elegant grey dress
of imported material, a Persian pattern,
plainly and simply trimmed, with hat to
match. Messrs. Will F. Niland, a brother
of the bride, and Mr. Thos. Conway,
of Cincinnati, were the attendants. No
invitations had been sent out, and only
a few relatives and intimate friends were
present. The newly wedded left shortly
after the ceremony for Chillicothe, O.,
their future home. The groom is a son
of Mr. E. H. Thomas, of this city, but he
has been living at Chillicothe for a year
or so. His bride has been engaged in the
dress-making business here for several
years, and the couple carry with them to
their new home the best wishes of their
friends for a happy future. They re-
ceived many elegant wedding gifts.

Stock and Crop.

The prospects for a fine wheat crop in
Fleming are very flattering.

about the wet weather. It is making
them late with their plowing.

Sayings.

The census of grape growing in the
United States shows that \$155,662,150 are
invested, 200,789 persons employed, and
about 400,000 acres under cultivation,
producing six hundred thousand tons of
grapes in 1889.—Advocate.

The official figures of Secretary Rusk
show that during January and February,
of this year, Great Britain received from
the United States 53,400 head; Germany,
1,131; Belgium, 265, and France, 134.
These figures, it is explained, show an
increase in the foreign cattle trade of the
United States for the two months of 1891,
over the corresponding period of last
year, of nearly 32 per cent.

MINER'S MAXIMS!

"Kindle a candle at baith ends, it
will soon be done."

The truth of this old Scotch
maxim is best known to those
who have personally tried the
experiment.

High prices paid for poor
shoes lead to the same result.

Shoes can never be judged
by their looks, any more than
human beings, as a beautiful
outward appearance often con-
ceals an unsubstantial and de-
caying foundation.

Therefore, it becomes neces-
sary to have some one, on whose
judgment and word you can rely.

MINER bears the enviable
reputation of being a dealer who
correctly estimates the value of
his shoes.

The shoes sold at MINER'S,
not only fit the foot, but the eye
and purse as well.

Those who persist in pur-
chasing unreliable goods, just
because they are cheap, are seek-
ing their own destruction finan-
cially.

Good Shoes can rarely be
bought for less than they are
worth; but they may be pur-
chased at reasonable prices.

DESPERATE STRIKE.

Serious Trouble in the Pennsylvania Coke Region.

RIOTING AT SEVERAL PLACES.

Coke Ovens Destroyed, Railroads Torn Up and Many Other Depredations Done—State Troops Liable to Be Called Out and Bloodshed Almost Certain to Follow—Other Labor News.

PITTSBURG, March 31.—The coke troubles have assumed a new phase, and now threaten to develop into a war between the operators and labor organizations. Strikers to the number of nearly 1,000 attacked Frick's coke works at Morewood, at 2 o'clock yesterday morning. They destroyed some coke ovens, and railway track and broke windows in several houses.

The marauders continued their work by thrusting coke oven scrapers into the burning ovens, piling up in a heap a dozen wheelbarrows and making a bonfire of them. They also knocked in many open fronts. They then rushed toward "A" shaft, yelling, shooting and breaking window glass, and on to the company's stores and offices. The strikers kept up the raid, tearing down the fences around the works until 5 o'clock, when they dispersed.

During the raid the handful of deputies displayed much patience, and they stood their ground well but were greatly outnumbered. The result of the raid is that the strikers have lost much public sympathy.

Several of the raiders were arrested and taken to Greensburg jail. Great excitement prevails throughout the coke country, and serious trouble is apprehended.

Mr. Frick stated yesterday that heretofore he had not antagonized labor, but in the future he did not propose to stand idly by and see his property destroyed. He claims the men are satisfied with the scale of wages he offered, but that the labor leaders will not permit them to return to work, as their positions depended upon the success of the strike. The fight from this time will be bitter.

At Jintown, near Scottsdale, about 300 strikers, led by a member of the executive board, James Crow and James Nagin, of the scale committee, attempted to raid the works about 6 o'clock. Word of their coming had preceded them, and the employees at work were waiting, and along with Superintendent Rossen, and six deputies with Winchester rifles, routed the rioters when about to enter the company's property, and sent them over the hills in a hurry. Labor leaders are considering the advisability of offering the two big coke companies a thousand citizens and strikers to protect their property.

About fifty armed deputies are stationed on the coal brook plant of the McClure Coke company. It is said they have orders to shoot any striker found on the premises.

A riot occurred at Everson last night, in which a striking foreigner was badly beaten. The fight, however, was not caused by the strike.

Riots are also reported at Leisenring and Leith, and considerable property destroyed.

A bomb was set off at West Leisenring and the men notified not to go to work.

The Leith works, near Uniontown, were raided and the workmen put to flight.

The labor leaders are trying to allay the excitement, as other raids are feared.

Textile Workers Comb in.

LOWELL, Mass., March 31.—A meeting of the textile workers was called to order at noon yesterday to form a National association. The report of the committee on credentials showed delegates present from the cotton weavers, woolen spinners and cotton dressers' associations of Lowell; Knights of Labor association of textile workers and the warp dressers' association, of Lawrence; the textile workers' association, of Dover, N. H., and the Nashua cotton weavers' association. Delegates from Fall River, New Bedford and other places are expected to attend.

A King for Reduced Bail.

BROOKLYN, March 31.—J. Biolski, J. Turchis, Wolf Turchen, F. Reingold, J. Litz and Ieretz Goldstein, the Polish cloakmakers who wrecked the store of Greenbaum, a cloak manufacturer at Jamaica, L. I., because he employed non-union labor, were before Judge Cullen, of the Kings county supreme court, yesterday on a writ of habeas corpus to have their bail reduced. The judge refused to reduce their bail, which is \$3,000 each.

Agitating the Eight Hour Rule.

BOSTON, March 31.—At the carpenters' district council held here Saturday night, representatives from twenty-five local unions stated that they had been instructed to urge the council to continue the eight hour agitation and to leave nothing undone which might enable the carpenters to get the eight hour rule established. It was unanimously decided to hold a series of public agitation meetings in all parts of this state.

Asking for Arms.

HARRISBURG, Pa., March 31.—The sheriff of Westmoreland county telegraphed to Governor Pattison yesterday about the riotous miners, and asked the consent of the governor to use the arms of two of the companies of the National guard. The governor replied that civil power must be exhausted before the state would interfere.

Decided to Strike.

PITTSBURG, March 31.—The carriage and wagonmakers in Pittsburgh and Allegheny, about 600, at a meeting last night, decided to go on a strike to-night if their demand for a nine hour day without reduction in wages is not granted. The employers have refused to recognize the union.

Destitute Tailors.

ROCHESTER, N. Y., March 31.—About 40 per cent. of the regular force of cutters are at work. There are many destitute families of tailors in consequence of the lockout. The clothing factories were thronged with tailors yesterday seeking for work.

KINCAID'S TRIAL.

Making Out a Strong Case of Self-Defense.

WASHINGTON, March 31.—The trial of Charles E. Kincaid for killing Congressman Taulbee, of Kentucky, was continued in the criminal court yesterday. The day's session opened with the decision of Judge Bradley on the question as to the admissibility of evidence going to show that Taulbee had on several occasions threatened the life of Kincaid. The court held the evidence to be admissible.

W. B. Curtis, Perry S. Heath, ex-Congressman Lafoon and Congressman Paynter, of Kentucky, were called to testify as to hearing Taulbee say he would kill Kincaid.

Representative Paynter testified that Taulbee had said to him on one occasion that Kincaid knew better that to come within ten feet of him, as if he did he would kick the head off of him.

E. C. Stubbs, engineer at the Capitol, testified that Taulbee had come to him in 1889 for the purpose of taking electricity. Taulbee asked witness if electricity would explode a pistol. Witness replied that he did not think it would. Taulbee replied that he would not run any risk and took a pistol out of his pocket. District Attorney Cole objected to the evidence, and the court upheld the objection and the evidence was ruled out.

W. B. Shaw, a Washington correspondent, and W. E. Curtis, of The Chicago Daily News, both testified to Kincaid's character.

Congressman McCreary, of Kentucky, gave testimony corroborative of Kincaid's good character as a citizen of Kentucky, when he as governor of the state appointed Kincaid county judge.

William E. Curtis told how Kincaid appeared to be agitated and excited when he told him a few weeks before the shooting that Taulbee was "after him."

Frank P. Morgan, a Washington correspondent, testified that Taulbee had said to him that Kincaid was at the bottom of the offensive publications and "had got to be killed and that he would kill him."

The court then adjourned.

Discovery of a Comet.

MOUNT HAMILTON, Cal., March 31.—Professor Barnard, of the Lick observatory, discovered a small, fairly bright comet last night. Its tail is fifteen minutes long. At eight hours and fourteen minutes its position was right ascension, one hour and ten minutes, ten seconds north; declination forty-four degrees forty-eight minutes. The comet is moving rapidly southward in the direction of the sun, one degree a day. Its present location, however, will soon carry it out of sight in the neighborhood of the sun. This makes the fifteenth comet discovered by Professor Barnard.

ZANESVILLE, O., March 31.—A horse was stolen from George D. Gibbons' stable and a new buggy from Thomas Drake last night. The rig was traced through Somerset just as was Dr. Farquhar's rig a few weeks ago.

Chamberlain's Cough Remedy the Best of All.

LATROBE, Pa., Jan. 27, 1891. Messrs. Chamberlain & Co., Des Moines, Iowa, Gentlemen: You have helped me considerably with a good medicine and splendid advertising. Chamberlain's Cough Remedy is the most popular cough medicine I handle.

Mrs. Griffith, wife of Supt. of the Latrobe steel works, always has your Cough Remedy in her house. I persuaded her to try it months ago; yesterday sold her the fourth bottle.

Samuel Osborne, a prominent contractor, tells me: "John MacMillan, you can't say too much for Chamberlain's Cough Remedy. Say all you can and I will put my name to it."

"Mr. MacMillan you remember asking me to try just to try, a bottle of Chamberlain's Cough Remedy for that terrible cough which I carried for months. Well! That cough is gone. Oh! My name is Miss Weiss."

Mr. Jos. Barnett, our bank cashier, had a tickling in his throat for four or five nights: "Mac, one dose only of Chamberlain's Cough Remedy and I slept until morning."

Gentlemen, these are samples of hundreds that I know.

Think of the vast number of cough syrups sold. Chamberlain's Cough Remedy excels them all. Sincerely yours,

JNO. C. MACMILLAN.
